HOWELL WITHDRAWS

Surprise In the Congressional Race Yesterday.

All of the Candidates Meet Here In Their First Joint Debate.

For the first time, all five of the Democratic candidates for Congress met here yesterday in joint debate. Mr. Howell led off and to the surprise of the large crowd withdrew from the race, saying that complications had arisen that made it necessary for him to quit the contest. He made a good humor and graceful speech, in his happiest vein, and concluded by introducing Mr. A. O. Stanley, as the first of the visiting candidates to speak.

Mr. Stanley is an orator of no mean ability. He discussed first the issues of the day and then presented his own claims in a pleasant, entertaining speech. It was plain to see that he had a good following in the crowd present.

Mr. Jno. B. Brasher, with his usual hustling qualities, was about through "Billing" the audience and the crowd outside with his cards, showing his device of a horseshoe enclosing a four-leaf clover, when it came his turn to speak. What he lacks in oratory he makes up in magnetism and it was not very long would be had a good part of the audience going his way.

He dwelt upon the fact that he was born in this county, and that he was allied to Christian and district ties and neighborly ties that the other candidates could not claim.

He referred to party services, by which he more than any other man in his county, had rescued Hopkins from Republicanism and elected a Christian county man Senator in 1897. His appeal was strong from several points of view and it is safe to say that the campaign opens in this county with Brasher well in the lead of the other candidates.

He was followed by Senator Geo. W. Hickman, of McLean county, who is also a speaker of much force and eloquence. He discussed his party services as a member of the House and Senate and made a strong appeal for a favorable consideration of his claims. Several influential politicians of the county have already declared themselves for him.

Judge D. P. Taylor, of Daviess county, for the first time addressed a Christian county audience. He is confessedly one of the strongest men in the race and his speech was one that appealed strongly to the voter. He has a good following in this county and will increase his popularity as the canvass progresses. It was the general opinion that Judge Taylor would prove himself one of the leading candidates in every respect.

PEACE DECLARED.

Plucky Boers Give Up Their Hopeless Struggle.

England Makes Concession To End the War Before Edward's Coronation.

London, June 2.—The Boers surrendered to the British at Pretoria Saturday night. The terms were signed by the Boer representatives and Lords Milner and Kitchener. The news was cabled to London yesterday by Lord Kitchener, and was received there with great rejoicing. No official statement of the terms of the surrender has been given out, but W. T. Stead says the capitulation was not unconditional, and that the Boers will receive a large indemnity with which to rebuild their homes. The war began October 11, 1899. It has cost Great Britain the lives of 22,602 soldiers, besides 73,983 wounded and invalided home, and nearly \$1,000,000,000.

An official cablegram from Lord Kitchener, dated Pretoria, Saturday, May 31, 11:15 p. m., says:

"A document containing terms of surrender was signed here this evening at 10:30 o'clock by all the Boer representatives, as well as Lord Milner (the British High Commissioner in South Africa) and myself."

This announcement had been anticipated for several days, and it was definitely forecast in these dispatches, but its receipt Sunday afternoon took the nation by surprise, as everybody had confidently believed that the House of Commons would hear the first news to day. The edge of the anticipation with which Great Britain awaited the promised statement in the House of Commons from Mr. Balfour, the Government leader, was still further dulled by the following message from King Edward to his people, which was issued after midnight:

"The King has received the welcome news of the cessation of hostilities in South Africa with infinite satisfaction, and His Majesty trusts that peace may speedily be followed by the restoration of prosperity in his dominions, and that the feelings necessarily engendered by war will give place to earnest co-operation on the part of His Majesty's South African subjects in promoting the welfare of their common country."

How greatly King Edward's insistence that peace in South Africa be secured prior to his coronation influenced the present agreement will probably not be known until the private memoirs of the present regime are given to the public.

Schley & Santiago

BY GEORGE EDWARD GRAHAM.

The Most Sensational Book of the Day.

The true story of the famous cruise of the Flying Fish, the British submarine which, after passing the blockade and destruction of the Spanish Fleet, 2000 miles from home, captured 1000 men.

Contains an autograph endorsement and personal account of the battle by Rear Admiral Schley.

"The facts of the story of the movements and actions of the Flying Fish, as told in this book, are as true as the author tells them in this book, and are as accurate as any record of the battle."

An interesting narrative of facts. Exploits the actions of the Flying Fish, and the Spanish fleet, in the course of the war.

PRESIDENT ROOSEVELT, when Governor of New York, said: "This is the best account I have heard or read of the naval war. It is a book that every man should read, and every man should buy."

Price \$1.50, \$1.75, \$2.25, \$2.75, according to style of binding desired.

TWO IMMENSE GIRLS.

They are Cousins, live in Hungary, and bent Weight Record in the Infophile World.

The two fattest and biggest children in the world live near Budapest, Hungary. They are respectively seven and nine years old. Therese Santo the younger, is the daughter of Hungarian parents, of whom she is the only child.

It is claimed for Therese, that in child of her age in the history of the infant world ever weighed as much as she does. She tips the scales at 120 pounds, as much as the average adult woman.

Her cousin, Marissa Jahan, though two years her senior, weighs ten

FATTEST GIRLS ON EARTH
(Daughters of Hungarian Peasants, respectively 7 and 9 years old.)

pounds less. What is most remarkable about these girls is that their parents are slender. Sluggish farmers of ordinary height and size.

Human freaks of this class are found as a rule, to be the victims of some disease. Nearly all the fat men and women that have been exhibited in dime museums in this country have been so abnormal as regards their health. None of these have reached old age.

The two fat Hungarian girls have been pronounced to be perfectly healthy by the professors of the state medical college at Budapest, Hungary, though they have been offered for exhibition by managers, their parents, who are far from wealthy, have thus far refused to allow them to be taken abroad. They have been exhibited only in the Hungarian capital.

JOB FOR MR. WYNNE.

Well-known Washington newspaper man to be first Assistant Postmaster General.

HOW DOCTOR BECAME KNOWN.

Painter His Home an Outlandish Color for Advertising Purposes.

A West side physician has hit upon

a novel way of attracting attention to his office and setting the tongues of gossips a-wagging. Recently he had his house—a frame-structure—painted a most outlandish color. The shade of the paint on the building proper had not been, but the border and the color with which he had the veranda decorated are infinitely worse.

The other day a neighboring druggist, referring to the fact that people were commencing on the appearance of his house, asked the doctor why he had chosen so odd a color.

"Well, you see," replied the doctor, "people will talk about Dr. Blank anyway, so I thought I would give them something to talk about."

WEAK WOMEN

Are made strong by Therese's Favorite Prescription. It purifies the system, drives away disease, relieves inflammation and cures female weakness.

Such women are invited to consult Doctor Pierce, by letter, free. All women are very confidential, and it is sacred secrecy and guarded by strict professional privacy. Write without fear and without cost to Dr. V. Pierce, Buffalo, N. Y.

"I had been a great sufferer from female weakness, which I attributed to the use of Moonseed, Cooke of Moonseed, and of four doctors and none of them had relieved me. I suffered six years, but when I followed your advice and took bottles of Therese's Favorite Prescription and found it a great benefit. Medical Doctor, I must say, is a good woman. I have gained a great deal of strength.

YOUTHFUL BRIDES.

Logan County Farmers' Eloge With Young Girls.

The Russellville Herald-Ledger says: "Friday evening about 2:30, two couples, William Robinson, aged 40, and Miss Mattie Leitchford, 16, and John Mayes, 23, and a Miss Robertson, 19, of the Mud river vicinity, drove to the residence of Rev. T. M. Jackson, and engaged his services to unite themselves in the holy bonds of matrimony, and leaving their would-be-brides in his hands at the residence, proceeded to the clerk's office and applied for license to marry. On account of the youthfulness of the girls they were refused.

Somewhat discouraged, but not to be outdone, they left in their buggies about 8 o'clock for Springfield, Tenn., where they were granted the license and were married, returning to this city Saturday evening feeling somewhat fatigued from their long drive, but with a happy and victorious smile on their faces.

Don't Wait Until Fall
TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.

A Beautiful Display!

Geo. W. Young's Show-Window.

An artistic fac-simile in a standard soap of the United States Building at the St. Louis World's Fair, 1903, in one of Young's show-windows on Main street, is presented for the first time to-day, one of the most novel and attractive special displays ever seen in America. The display is a miniature fac-simile of the United State's Building at the St. Louis World's Fair, the material used in its construction being

ROYAL CUTICLE SOAP,

a high-class medicated toilet article, handled here exclusively by Geo. W. Young. The view of this building given by this admirable and artistic soap display is a front one showing the mammoth Arch of Triumph with its ornamental columns, and above this a representation of the Goddess of Liberty on the Chariot of Progress. The vast halls flanked with smaller halls running through the center of the building and reaching to the dome, which is crowned with the American Eagle with outstretched pinions, is shown with wonderful exactness, as are all the various intricacies of architecture and adornment which distinguish this beautiful structure. The interior arrangement of reception and reading rooms, offices, bureau, etc., are all preserved in this miniature production, and in a manner which reflects credit on the designer. The structure occupies the whole space of the window, and stands upon a ground work of dyed sawdust, representing the greenest and most carefully kept lawn. In height it is fully ten feet, and surrounded as by an artistic draped American flag, forms a most beautiful picture. It is the cynosure of all eyes on Main street to-day. Regular price 10c per cake but for a limited time 3 cakes go for ten cents.
